**AMENDMENTS TO THE CLAIMS**

Claims 1-15 (cancelled).

B/

Claim 16. (Currently Amended) A product comprising a double walled container, having a base wall and side walls extending upwardly from the base wall toward an upper mouth opening of the container, and the side walls are in the form of a double wall comprising a spaced apart inner wall and outer ~~walls~~ wall having a space between them, made of a plastics material, the container having an internal cavity containing a medicament content and being bounded at least in part by the inner wall, a label ~~being located on~~ applied to a part of the outer surface of the outer wall of which the inner surface of the part is not in contact with the medicament content, ~~the body having an internal cavity containing a medicament content and being bounded at least in part by the inner wall, characterised in that~~ and the base wall is a continuous base wall linking the inner and outer walls and closing the space between them.

Claim 17. (Cancelled)

Claim 18. (Previously Added)

Claim 19. (Currently Amended) A product according to claim 16 comprising wherein substantially cylindrical inner and substantially cylindrical outer walls, which are substantially concentric and coaxial.

Claim 20. (Currently Amended) A product according to claim 16 comprising a wherein lower container part and an upper container ~~parts~~ part which fit together with a seal which does not allow leakage or contamination of the contents, such lower and upper container parts comprising respective lower and upper inner and outer wall parts of the container which fit together when the upper and lower container parts are fitted together.

Claim 21. (Previously Added) A product according to claim 16 made of plastics material and having an inner wall thickness ca. 1 - 2 mm, and an outer wall thickness ca. 1 - 2.5 mm.

Claim 22. (Currently Amended) A product according to claim ~~1~~ 16 wherein the medicament content is a fluid which incorporates a solvent vehicle.

Serial No.: 09/890,387  
Group Art Unit No.: 3728

Claim 23. (Previously Added) A product according to claim 22 wherein the solvent vehicle is a pharmaceutically acceptable oily vehicle.

Claim 24. (Previously Added) A product according to claim 23 wherein the oily vehicle is a monoglyceride, phospholipid, or a galactolipid.

Claim 25. (Previously Added) A product according to claim 23 wherein the oily vehicle is selected from glycerol mono-oleate, glycerol monopalmitate and glycerol monostearate.

Claim 26. (Currently Amended) A product according to claim 22 containing a long-chain ~~diglyceride~~ diglyceride.

 Claim 27. (Currently Amended) A product according to ~~claims~~ claim 22 containing a fatty acid triglyceride.

Claim 28. (Previously Added) A product according to claim 27 wherein the fatty acid triglyceride is caprylic / capric triglyceride (Tricaprylin).

Claim 29. (Previously Added) A product according to claim 16 wherein the medicament content comprises calcium mupirocin, fractionated coconut oil, and glycerol mono-oleate.

Claim 30. (Previously Added) A product according to claim 16 being a nasal spray container provided with means to deliver its medicament content to the nasal area of a user.
